

Our parquet flooring is available in six colors and three different sizes as shown below.

Using the precision tongue and groove and Slip Tongue (ST) construction, the sizes can be fitted together to create patterns.

Some patterns use one or two of the three sizes available. Some patterns may have a different waste factors than the standard 10%. Please refer to details at right to order the correct amount of materials for the color(s) and pattern you are installing.

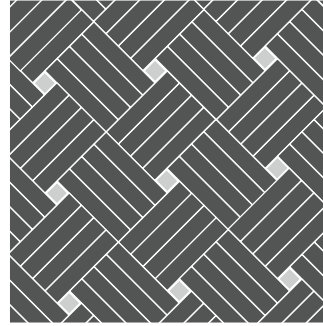

Diagonal installation: Add additional 10% waste factor.
